Troubled With Backache and Dizziness Caused by Diseased Kidneys, Mr. Wm. Baxter Tried Most Every Known Remedy Without Relief.

He Was Then Completely Cured by Four Bottles of Warner's Safe Cure. A Sample Bottle Will Be Sent Free to Any Reader of the Times-Dispatch Who Writes.

Unsolicited statements of this kind from reputable men like Mr. William Baxter, of Minneapolis, Minnesota, are overwhelming proof of the merits of Warner's Safe Cure as a cure for all diseases of the kidneys, liver, bladder and blood. Thousands of letters are received from grateful men and women who have suffered tortures with Kidney Disease, Bright's Disease, Inflamed Bladder, Uric Acid in the blood and other complications caused from diseased kidneys and who have been completely cured with a few bottles of Warner's Safe Cure.

Mr. Baxter writes: "About a year ago I was troubled with bladder and kidney trouble, and I had tried most every known remedy, as well as several of our leading physicians here in Minneapolis.

"I was troubled with backache and dizziness, and was not able to perform my duty as detective. A personal friend of mine advised me to try your great remedy, by which he had been cured four years before.

"After using one bottle I was able to continue my work, and four bottles completely cured me. Now I am as well as ever in my life.

"I wish to thank you for what you have done for me, and until my dying day I will praise the merits of Warner's Safe Cure."—WILLIAM BAXTER, 10 Third Street, S., Minneapolis, Minn. (Supt. Baxter's Detective Agency).

If you are troubled with backache, dizziness, aching joints, nausea or other symptoms of Kidney Disease, or if in the past generations any of your forefathers have had kidney trouble, you should lose no time in testing what Warner's Safe Cure will do for you. It will help you from the first dose.

It is a compound made up from the juices of medicinal herbs scientifically compounded, and while it is full of curative properties, it is harmless and leaves no bad after effects. It clears up the liver, kidneys and bladder, and enables the kidneys to do their work effectively. It is put up in 50c and \$1.00 sizes and sold by all druggists.

When the bowels do not move freely it shows that the liver is inactive, and the bile, instead of being eliminated by the intestines, is taken up by the blood. In consequence the internal organs are deranged and you have a bilious attack. After frequent attacks the skin becomes sallow and rough. You are troubled with headache, constipation, coated tongue, bad breath, sour stomach, loss of appetite, pains in the side, and you feel out of sorts and should take Warner's Safe Pills, purely vegetable, sugar-coated, absolutely free from injurious substances, a perfect laxative. They cure indigestion, biliousness, torpid liver and constipation. They do not gripe or leave any bad after effects. 25 cents a box.

To convince every sufferer from diseases of the kidneys, liver, bladder and blood that WARNER'S SAFE CURE will absolutely cure them, a sample bottle and also a sample box of Warner's Safe Pills will be sent FREE OF CHARGE, postpaid, to any one who will write WARNER'S SAFE CURE CO., Rochester, N. Y., and mention having seen this liberal offer in the Richmond Times-Dispatch. The genuineness of this offer is fully guaranteed by the publishers.

## ATTORNEYS CONFER GAVE TRUST DEED ON DEBT QUESTION TO CLAUDE M. DEAN

Situation Believed to Be Satisfactory to Interests of Virginia.

A statement to the effect that Virginia's position in the State debt litigation is entirely satisfactory, was the only information which could be elicited, following a conference of the attorneys representing the State and the certificate holders, held in Richmond yesterday. Those present were: Attorney-General Samuel W. Williams, ex-Attorney-General William A. Anderson, Assistant Attorney-General W. A. Bibb, John B. Moon, of Charlottesville, and Randolph Harrison, of Lynchburg. The only lawyer absent was Holmes Conrad, of Winchester. Both States have until April 15 to file exceptions to the report of Special Master Charles E. Littlefield, which was filed in the Supreme Court of the United States at Washington on March 15. The attorneys have so far vouchsafed no information as to whether or not Virginia will have any exceptions to present.

In view of the storm of unpleasantness which has been voiced by the West Virginia press since Mr. Littlefield presented his report, it would look to a man up a tree as if that State is far from being satisfied with the situation, and it is therefore presumed that she will have exceptions to file.

He was picked up by an officer and taken to the Second Police station, where Dr. Davis, of the city ambulance, was summoned to attend him. The physician learned of the boy's name and the location of his home, and he was soon returned to his parents.

## BALLINGER FACES FRESH CHARGES

Secretary of Interior Is Accused of Shirking His Duty.

Washington, D. C., April 9.—Declaring that Secretary of the Interior Ballinger, because he had been counsel for a number of land claimants in the Siletz Indian reservation, in Oregon, now declines to give them the benefit of his judgment since becoming Secretary of the Interior and has attempted to delegate to his assistant, Frank Pierce, the duty imposed by law on him, and that the latter has declined adversely to them, William D. Bales, Thomas Holverson and Levi M. Gilbert today filed suits in the District Supreme Court for injunction to prevent the execution of the order of Mr. Pierce, the assistant secretary.

Bales says he employed Mr. Ballinger in 1908, and that the latter filed in the office of the then Secretary of the Interior a brief urging that patents be issued to Bales. By alleged irregularities, he claims, his title to the entry was clouded, and Mr. Pierce has rendered a decision against him, which is about to become operative in Oregon, unless the court prevents its execution.

Bales and the other claimants declare that the law allows them to appeal to the secretary, and that they are entitled to it, and that the action of the assistant secretary is without warrant of law.

Attorney W. A. Lafferty represents the petitioner.

Secretary Ballinger Denies. When Mr. Ballinger's attention was drawn to the suit he emphatically denied that he had ever been attorney for the claimants or that there was any special reason why Assistant Secretary of the Interior Pierce had handled the cases. The latter had disposed of them, he said, in accordance with his general assignment of handling land office matters.

Regarding the charge that he had been counsel for the claimants, the secretary declared that after he had retired to private life he had been asked to appear as counsel for the claimants in the General Land Office by the cases of J. H. Ballinger, a distant cousin, with his own signature. The secretary said this was done without his authority, and when the matter was called to his attention he so advised the Department and requested that his name be stricken from the document. The record of the department, he added, showed that this was done.

### INTERESTING CIVIL SUIT.

Rival Soft Drink Dealers Take Controversy to Court.

[Special to The Times-Dispatch.] Norcross, Va., April 9.—Probably the most interesting case that has been before the Circuit Court of York county for some years is the civil suit for \$5,000 damages against Leroy B. Amory, by his cousin, Robert F. Amory, both of whom are engaged in the manufacture of "soft drinks" at Grafton, but as competitors. As a result of a quarrel over business affairs, in which the right to the sole manufacture of a popular drink in York county was involved, Leroy Amory shot his cousin in the head with a load of squirrel shot, nearly resulting fatally, and causing much suffering and a long illness to Robert. This quarrel took place in the home of Leroy Amory at Grafton in March of last year. He was immediately placed under arrest, giving bail in the sum of \$5,000 to appear for trial at the June term of the court, which he did. After a long drawn out trial, with a great amount of testimony for and against the defendant, and in face of the fact that he admitted that he shot to kill, he was acquitted, causing considerable criticism, yet giving satisfaction to his many friends.

Not being satisfied with the result, Robert Amory brought a civil suit against Leroy Amory for \$5,000 damages, and this is the interesting case now pending. Both the parties to the suit have hosts of friends, who are in evidence during the session of the court. It is probable that the case will occupy several days, and what the result will be no one can now tell.

Thrown From Mule's Back, His Head Striking Pile of Hay. [Special to The Times-Dispatch.] Bluefield, W. While Mr. Johnson was unhitching another mule, the animal the child was on became frightened and started off. An heroic attempt on the father's part to head the animal off proved futile.
